Sheehan English Grand Opera Company

Joseph F. Sheehan, America's greatest tenor and idol of every music lover in the country, is coming to the Paris Grand Wednesday, November 9, with his all star company for one performance of Verdi's Il Trovatore.

Joseph Sheehan needs no introduction; he is universally acknowledged the greatest of all American tenors, and his company for the past three years has been proclaimed the foremost opera company in America, but this year he has by far outdone himself and gratified his ambition of taking only one opera tour and making an elaborate production of it. He has selected for this opera the greatest and the most popular of modern times, Il Trovatore, and in so doing has struck a responsive chord in public favor.

To those who have heard Il Trovatore the opportunity of hearing the great tenor solo, "Di Quella Pira," sung by the greatest of American tenors, of hearing the stirring "Anvil Chorus," by a company of selected voices of hearing the world renowned "Miserere" in the Tower Scene and a score of other famous numbers will be a welcome treat. To those who have never heard this great opera it will prove a most happy surprise.

No better proof of the hold Il Trovatore has on the public can be given than the fact that those who have heard it once never lose an opportunity of doing so again and again. Add to this fact that probably never before has it been sung in English by such a famous organization of stars and nothing remains to be said.

Mr. Sheehan has selected from his various companies the principals best fitted for the different roles and thereby truly making an all-star production.

Prices 25 cents to \$1.50. Seats on sale at Mitchell & Blakemore's Monday morning.

Tobacco Sales.

Abnee & Mussion of this city have purchased this season two million pounds of tobacco and are to commence receiving their purchases November 15. Last week the firm bought the following crop lots of tobacco:

Of John Wiggins, 40,000 pounds at 12 cents per pound; of John A. Lyle, 15,000 pounds at 12½ cents; of W. J. Calvert, 16,000 pounds at 11 cents; of William Ardery 25,000 pounds at 10 cents; of John Brophy, 15,000 pounds at 7 cents per pound. The latter crop was in the hail zone that swept over a small strip of the county in August and was badly damaged.

Opposing Reforms.

The Republicans of Maryland have been trying to prevent Governor Crothers of that state from reorganizing the Police Commission of Baltimore, and have even gone so far as to threaten him with impeachment if he does his duty according to the constitution and the laws of the state. The police commission has been charged with dereliction of duty—allowing uninvestigated gambling; the unrestricted sale of liquor on Sunday; protecting criminals—and that some of the police force have shared in the spoils. The governor was urged by reputable citizens of all classes to take action. The case is now before the court under mandamus proceedings to prevent Governor Crothers from suspending the police commission pending trial, and from appointing a temporary commission in their places. The Republicans claim that to remove the police commission before they have been proven guilty would be "arbitrary despotism." But Attorney General Straus told the court: "The power of the Governor to make temporary appointments in this case exists in the Constitution. He is required by it to enforce the laws, and is given the power of removal with the incidental power of temporary suspension." If it were otherwise, there would be no way to correct the most flagrant abuses, and reform would be impossible unless delinquents were caught red-handed which rarely occurs.

Attorney General Straus declared to the court that: "The Governor will do his duty, and he is entitled to the respect of all citizens. A more laborious and faithful governor than Governor Crothers never filled the gubernatorial chair. I believe the great mass of the people are behind him in his efforts to improve the police department."

The partisan spirit shown by the Republican leaders of Maryland is not unusual, for Governor Harmon, Mayor Gaynor, and other Democratic officials of several states have had similar obstacles thrown in their way in their efforts to reform abuses.

Republican Trust Protection.

A few Steel Corporation men dined in Chicago a short time ago, and they were said to represent two billion dollars—not millions, but billions—which had been created in the past few years out of the sweat and blood of suffering humanity. And yet the Republican will refuse to revive the tariff which has protected these billionaires, and have even increased the rates of structural steel in the new tariff law so that their profits could be made larger. There is now absolutely no competition on structural steel, so the steel trust can charge 45 per cent—which is the tariff protection—over and above a reasonable profit without fear of competition from any foreign quarter. Thus the cost of erecting reinforced steel buildings is largely added to and rents are increased in proportion to the increased price of steel by reason of the tariff protection. Yet, Vice President Sherman in a speech in North Carolina defends the tariff law, and declares that high prices and high wages are the beneficent result of protective policies.

An Exploded Slander.

Mr. Roosevelt and his candi late for Governor of New York have been hoisted by their own petard; in other words, the Colonel has been "stung" by his paper trust showing on John A. Dix, who, the evidence shows, had no connection with the Standard Wall Paper Company. The Colonel, finding himself proven to be a calumniate, resorts to the worst form of defense by repeating the slander. Evidently the New Nationalism does not include the "old moralities;" for the decalogue declares: "Thou shalt not bear false witness against thy neighbor."

Election Results.

Everyone is anxious to know what the result of the election will be. Will the Democrats elect a majority of the House of Representatives? Will Mr. Dix be elected governor of

New York? Will Governor Harmon be re-elected governor of Ohio? And so on through the list of States. Forecasting elections is not an easy problem; for it is almost impossible to eliminate the prejudice that party politics engenders. But the drift is strongly toward the Democrats and the election of a Democratic Congress. The election of Mr. Dix in New York, of Woodrow Wilson in New Jersey, and the re-election of Governor Harmon in Ohio are confidently predicted by the Democratic managers. As a voter you can aid this glorious result by not only voting the Democratic ticket yourself, but by urging your neighbor to do the same patriotic act.

Uncle Sam After Us.

Uncle Sam through special agents of the postoffice department, is dropping into print shops over the country, when least expected, and examining the subscription lists to ascertain if the law requiring the payment of subscriptions is being obeyed.

"It is a very dangerous business for a newspaper publisher to send papers to subscribers who are more than six months in arrears," says the Towanda, Pa., Review. To be deprived of the second class mailing privilege, which is the penalty for non-compliance with the rulings, puts a newspaper out of business; for the expense of putting a one-cent stamp on every paper mailed amounts to much more than the profits on the entire subscription business, to say nothing of the increased amount of labor which would be required in affixing the stamps.

It is very necessary that our subscribers take notice to this late step of the Federal Government. We do not wish to lose a single subscriber, but the law must be obeyed.

Seasickness Nothing New.

One of the most curious errors as to seasickness is that it is a suffering which the sturdier ancients did not know. Really there is plenty of allusion to the trouble in the ancient classics. Above all there was that bout of seasickness which, according to Seneca, cost Cicero his life. It was so bad that rather than endure it any longer he put back to land risking certain death at the hands of Mark Antony's agents if they caught him, as they did. The word "nausea" is Greek, meaning literally "shipliness."

It's the World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. Its the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands or sprains, it's supreme. Infallible for piles. Only 25c at all druggists.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga.

"I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings.

"I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui.

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out.

Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.

A CORROBORATION

Of Interest to Paris Readers.

For months Paris citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Paris residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Paris reader.

Mrs. J. W. Huffman, 115 North Main street, Paris, Ky., says: "I gladly corroborate the public statement I gave in 1905 in which made the fact known that had used Doan's Kidney Pills with satisfactory results. I had sharp pains across my back and kidneys and at times was so miserable that I could hardly attend to my work. Headaches and dizzy spells were also common. Doan's Kidney Pills removed all these symptoms of disordered kidneys and I have never had a return attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Splendid Showing of State Fair.

The splendid work done by J. W. Newman of Versailles, Secretary of the State Fair is shown in the annual report made to Commissioner of Agriculture Rankin of the eighth annual State Fair. The net profits this year amounted to \$20,103.58, a gain of nearly \$1,000 over last year. The profits in 1909 were \$19,360.82, and in 1908 \$13,264.52, or a gain of nearly \$8,000 since Newman took charge of the fair. Newman says the state now has a plant of which a conservative value would be about \$400,000.

He recommends in his report that the State Fish Hatchery secured for Kentucky by Congressman Swager Sherley and Senator Thomas H. Paynter and W. O. Bradley be erected on the ground adjoining the State Fair site on which the State has an option and which adjoins the Ohio River.

Nature's Remedies.

For almost all ills, nature herself finds a cure, and these in the simplest remedies. Hot water or cold will relieve many troubles, and in the exercise of his own muscles in the massage of his body man will find a natural and effective substitute for all the liniments ever compounded.

Cab Charges an Old Problem.

"Distance measures are waiting to be used, as soon as society sees fit to use them. We do not mean pedometers for pedestrians, or odometers for roadmaking, but index hands, whereby to judge how far a cab has traveled," says a London newspaper of 60 years ago.—Chicago Nnews.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can't be cured by Hall's Catarrh Cure. Send for circulars free.

His Dreams

By Edith Gray

(Copyright, 1910, by Associated Literary Press.)

Outside the shack a Mexican half-breed strummed his guitar and sang in a voice inclined to nasality, but not utterly unmusical, the refrain of a popular song then much in vogue at Vera Cruz.

Richard Marston, the young American seated within, translated to himself, "My soul, my life, I love you," and flung aside his cigarette in a sudden gesture of despair. "My soul, my life, I love you! Truly, of what use this daring plunge into the mountain lumber camp of El Oro, this exile from friends and family in persistent quest of forgetfulness? Of what use when the forgetting is as far distant, now, in the continual round of tedious duties, the overseeing of Indian gangs and balancing of numberless accounts, as it was in the first days?"

The long hours of morning toil brought, for a time, detachment and mental relaxation, but when evening came with its crying demand for physical rest, its breathing of wind in the oak trees and glittering of first stars above the shadowy pines, Marston was invariably overwhelmed with old memories, and a slender girl, red cloaked, her hood drawn over her soft brown hair, stood once more before him, gazing wistfully outward through her tear-dimmed eyes. Unnumbered times, had the bitterness of that parting been renewed.

"My soul, my life, I love you!" Marston tilted his chair legs back against the crude, unfinished boards, and stared meditatively out through the open window. His glance ignored the miserable out-lying huts of the laboring half-breeds, passed along the narrow dirt road, cut and seamed with the continual repassing of the heavy loads, and lingered above on the hillside, where, its lights gleaming

"My Soul, My Life, I Love You."

brightly through the intervening trees, stood the comparatively princely cottage of his friend and employer, Lewis Pemberton, promoter and engineer.

Several days ago Lewis Pemberton had designed to confide to his attendant corps a fact that had long since been suggested by the radiant shining of his eyes and his frequent outbursts of gay, impulsive laughter—that the young lady, back home, had finally come to a favorable decision, and was now expected, accompanied by her mother and several friends, to spend a month or so in the crude but hospitable shelter of her fiancé's cottage. Pemberton had selected three of the boys to act as guides and general cavaliers to the ladies during off hours—Newton, Jim Howard and young Dick Marston.

Newton and Howard had jumped at the invitation but Dick had shaken his head with finality, pleading that he was too busy. Pemberton had replied, "Wait till you see the girls, my boy," and had laughed immoderately.

What pleasure could companionship with any girl be since Natalie had gone? At best these friends of Pemberton's betrothed would be colorless, insipid creatures, or the usual forward type of chattering girls. Natalie, with her deep, grave eyes, her tactful understanding, her unfailing sympathy, had spoiled him for the frivolous banter of the girls whom Newton and Jim Howard were now finding so enchanting in their first enthusiastic greetings at Pemberton's festive little cottage on the hillside.

To Marston, accompanied by his loneliness and sorrow, occasional peals of girlish laughter mingled with broken snatches of conversation and song, softened by the distance and the trees, floated downward through the night. He closed his eyes in hopeless surrender to homesick, longing depression. And, even now, in the midst of gloom, seared and overshadowed by the contrasting gaiety above, his thoughts turned to Natalie and the days long past.

How sweet she had been! How brave! How loyal to her cross-grained old father, who, in a burst of ungovernable rage, had forbidden Marston the house and further communication with his only daughter! It was on that never-to-be-forgotten night of humiliation and dismay that Natalie had explained, out under the stars of the great suburban estate.

Burglars Raid Six Towns.

Burglars mounted on motorcycles made a raid of Tuesday of six small towns in Boyle county, covering a stretch of 34 miles along the Cincinnati Southern Railway. James Lee, a merchant of Eubank, lost eight hundred dollars in cash. The postoffice at Moreland was robbed of \$90 in cash and several hundred dollars' worth of stamps. At Shelby City the burglars were frightened away from the postoffice building. At Junction City the robbers were shot at by a young man who occupied the second story of a building. At Danville they attempted to break into a restaurant on Beatty avenue, but were frightened away. Burglars have been operating in that locality for six months, and all efforts to trail them with bloodhounds have proven futile, indicating that they are using automobiles or some similar means of making their escapes.

Millersburg Suffers Big Fire Loss.

The beautiful little city of Millersburg suffered one of the most disastrous and destructive fires in its history when on Tuesday morning about nine o'clock, flames, which originated in the warehouse of Mr. R. B. Hutchcraft, of Paris, and supposed to have been the result of a spark from a locomotive, which was switching, swept away three blocks entailing a loss upwards of \$60,000.

The fire was first discovered as a small blaze on the roof of the Hutchcraft warehouse and the alarm sounded but before the volunteer company could get the engine into action the building was a mass of flames. The building contained a quantity of tobacco and an effort was made to get some of the hogheads out. This attempt was futile as the rapidity with which the flames gained on the building drove the workers back.

Fanned by a brisk wind that was blowing from the East and before the firemen could begin active work on the Hutchcraft building, the flames spread to the lumber yard of Butler, Clarke & Miller and were leaping in their mad fury across Fifth street to the colored Methodist church.

A few minutes later the warehouse of Mr. J. H. Stewart occupied by the Burley Tobacco Society, the L. & N. depot, water tank, and the Miller warehouse were enveloped in one hideous sheet of flames. By this time it was realized that facilities were totally inadequate to cope with such a conflagration. The Paris Fire Department was notified of the imminent danger and was on the scene within an hour, rendering valuable service.

The telegraph office was soon out of business and both of the telephones were kept busy answering and receiving calls from interested people in the surrounding towns.

The fire took everything in its path between Miller street and the railroad from Fourth to Seventh. The stiff breeze which was blowing, slightly shifted and the Northern part of the city was saved. When the alarm was given that the barn of Mr. J. G. Allen was on fire which stands at the Northern extremity of the city, people were almost panic stricken, and many thought that all the intervening property was burning.

Owing to the area that the fire was covering it was hard to keep men enough at the various danger points. It was not until the main part of the force had been concentrated at the electric light plant and the roofs of the small buildings beyond kept covered with salt and saturated with water the flames were finally checked in their onward flight about 11 o'clock.

When the smoke had partially cleared away and people could collect themselves it was realized that three out of the four large tobacco houses had been destroyed, containing 311 hogheads of the Burley pool of 1907. The Hutchcraft house contained the 1910 crop of Mr. W. S. Judy, the Miller house the crops of Peed and McClintock, Ashby Leer and U. S. G. Pepper. Some of the books and tickets were taken from the L. & N. depot but a lot of freight and express went up with the building.

The colored Methodist church, Green's Hall and ten small residences occupied mostly by colored people with their contents were total losses. Mr. J. C. Fightmaster, who had just completed his residence, was perhaps one of the heaviest individual losers. He carried no insurance and was going into it the next day. The loss of Butler, Clarke & Miller in coal, salt and lumber will not exceed \$1,000. No insurance.

The Stewart and the Miller warehouses had been rented to Mr. J. C. Leer, who expected to begin receiving tobacco for the Louisville Tobacco Company, about November 15. Mr. Leer is making an effort to secure all the available property that will tide him over temporarily until some of the buildings can be replaced. A larger part of the property burned was without insurance and very little of it fully covered. Mrs. Frankie Collins sustained a partial loss and had it not been that her building was brick with a metal roof would have thrown the fire on to Vimont street and there is no calculating as to where it would have ended. This house was occupied by Mrs. Maggie Mitchell as a boarding house.

After the fire was under control the streams from the engines were turned on the burning tobacco. It was thought by so doing that a large part of it might be saved. The Paris engine gave up the work at five o'clock in the afternoon and was brought home. The Millersburg engine worked on all night. Mr. W. S. Judy, manager the Burley Tobacco Society was on the scene until after three o'clock in the morning. It is still believed that a small part of the tobacco is still merchantable. President LeBus of the Burley Tobacco Society and a number of the directors were on the scene Tuesday and Wednesday.

Most of the colored families were taken in by their neighbors, while the

little furnishings they had left were stored in different parts of the town. Some of them will make an effort to rebuild at once.

This is the fourth disastrous fire of large proportions that Millersburg has suffered since 1884. The two business squares were almost entirely wiped out on the morning of October 9, 1907; the Millersburg Female College with all its contents went up in smoke.

About forty people are now rendered homeless, some of these will need help and the citizens of Millersburg will come to the rescue of all who are worthy. The L. & N. depot will be rebuilt immediately.

The losses sustained as a result of the fire fall considerably under those estimated Tuesday, the total loss, according to revised figures, which are as near correct as could be ascertained, will reach \$67,900, which is only partially covered by insurance. The individual losses with amount of insurance carried are as follows:

Louisville & Nashville Railroad Company, depot and water tank, \$4,000; no insurance.

R. B. Hutchcraft, of Paris, warehouse, \$3,500; insurance, \$2,500.

Burley Tobacco Society, 311 hogheads of the 1909 pool, amounting in the aggregate to \$311,000 pounds, \$40,000; no insurance.

J. A. Stewart, warehouse, \$3,000; insurance \$700.

U. S. G. Pepper and Peed & McClintock, 1910 crops of tobacco, \$1,500; no insurance.

Colored Methodist church, \$2,500; insurance \$1,000.

Mrs. S. B. Miller, warehouse, rented to Mr. J. C. Leer for the Louisville Tobacco Company, \$2,200; insurance, \$250.

Butler, Clarke & Miller, \$1,000; no insurance.

Booth & Judy, damage to warehouse, \$200; covered by insurance.

Miller & Best, warehouse, \$3,000; insurance \$1,400.

Mr. J. C. Fightmaster, dwelling, \$1,500; no insurance.

Fire, wind and lightning insurance. Thomas & Woodford

London is Swept by Flames.

An entire block in the business section of London, Ky., was wiped out by a fire which started in a small dry goods store early Tuesday morning. The loss is estimated at \$200,000. Among the buildings destroyed was the Caching Hotel.

The blaze, one of the worst that has ever occurred in a small town in Kentucky, is believed to have been incendiary in its origin, and the police are investigating. The authorities claim to have tangible clues as to the identity of the criminal and an arrest is imminent.

The fire destroyed the postoffice and the offices of the United States Commissioner. The telegraph office was burned and communication by that means destroyed. Two dry goods stores, three groceries, a restaurant, the offices and libraries of eight attorneys and three physicians, the First National bank and a number of minor business establishments were also added to the loss. The total insurance on the destroyed property is about \$75,000.

Meeting of Fiscal Court.

The Bourbon Fiscal court met in regular monthly session yesterday with Judge Denis Dundon presiding and the following magistrates present: Squires L. J. Fretwell, E. P. Thomson, J. J. Redmon, Omer Lloyd, J. T. Barlow, G. K. Redmon.

The report of Road Supervisor Redmon was read and received by the court and ordered filed. Claims for turnpike repairing to the amount of \$251.28 were allowed and ordered paid. The sum of \$850 was appropriated for the use of the Road Supervisor for the month of November.

The account of Jailer Joe Farris for the months of August, September and October was presented to the court and accepted. The accounts show a balance of \$56.00 due the county.

The court allowed the claim of T. P. Woods of \$1,296 for the construction of a bridge over Johnson creek on the Clintonville pike, payable upon the acceptance of the bridge by the committee appointed by the court. Claims to the amount of \$526.08 were ordered paid and Squires J. J. Redmon and Omer Lloyd were appointed to settle with Sheriff A. S. Thompson.

Red Cross Seals to be Sold in the State.

What \$10,000 for Red Cross seals will do in the way of checking consumption in this state is explained in the following bulletin issued from the office of the Kentucky association for the Study and Prevention of Tuberculosis, in Louisville:

"Counting every available bed for consumptives in Kentucky, there are not at the present time accommodations for hardly 125 tuberculosis patients. This is just about one bed for every 160 consumptives in the State. If sufficient hospital accommodations are provided only for those who are too poor to pay the full price for their treatment fully 10,000 more beds in special institutions for tuberculosis would be needed at once. The immense outlay necessary to provide and maintain so many beds in hospitals makes it imperative that such institutions be erected from public money, either municipal, county or State. In order to get appropriations for public hospitals for tuberculosis, agitation is necessary, and in order to create a campaign of agitation, organization is demanded. But in order that an organization may carry on an effective campaign funds are needed."

"These funds it is proposed to secure in as many communities as possible from the sale of red cross seals."

"The State Association cites one illustration of the way in which a small sum spent in education has secured large appropriations. The New York State Charities Aid Association in the three years, 1908, 1909 and 1910, has spent in the up-State portion of New York about \$55,000 in arousing people to the dangers of tuberculosis. As a direct result of the public sentiment produced by this outlay, the State, county and municipal authorities already have appropriated for tuberculosis work \$1,500,000, and appropriations for hundreds of thousands of dollars are pending. Hundreds of hospital beds have been provided and the association already aims for 'No Uncared for Tuberculosis in 1915.'"

"Thus if \$10,000 is realized from the sale of red cross seals, thousands more will be added to it from the public treasuries. Last year \$7,807 stamps were sold outside of Louisville. It is aimed this year to sell a million of the 'seals' for the State campaign."

"The Kentucky Federation of Women's Clubs will have charge of the sale of the 'seals' in all cities where they have clubs. Address all communications to the secretary, Eugene Kerner at headquarters 215 East Walnut street Louisville."

Dr. Reavis to be Here Sunday.

Dr. Jas. O. Reavis, of Nashville, Tenn., a dear friend of many years of Dr. B. M. Shive, of the Presbyterian church, will spend Sunday visiting in his home. Dr. Reavis and his wife have recently returned from an eight month's trip through Belgium, England the Congo Free State, Southern Africa. He is one of the secretaries of missions in the Presbyterian church and made this trip in the interest of this church's missions on the Congo River. He will occupy the pulpit and the First Presbyterian church (formerly the Second Presbyterian church, Sunday morning at 10:45 and will give a brief account of that trip. Dr. Shive had the pleasure of hearing him before the Synod of Kentucky at Danville recently and states the account of the trip is thrilling with interest. No man, whatever his opinion may be on missions will regret hearing this great address. There will be no collection or offering of any kind for missions. Dr. Reavis is not a stranger to the church, having preached here several times. Dr. Shive will occupy the pulpit in the evening and by request will preach on the subject of "Unbelief."

Reaching the Top

In any calling of life demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c. at all druggists.

Modern World a New One.

The fabric of the engineer's art has so overspread the earth that the world of our fathers has disappeared and a new world has taken its place.

Essentials That Make Up Life.

Life is the composite and aggregate of all its experience and endeavors. Your real self is just about the average of the sum of all your many levels, the levels of your secret thoughts, whether high or low, of your periods when you let yourself down as well as those when you seek to tone yourself up.

Playing Fair.

"Men hunt lions and tigers," explained mother, "because they kill the poor sheep." "If that is the case," rejoined Joe, "why don't they get busy and hunt the butchers, too?"

Kills a Murderer.

A merciless murderer is apprehended with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills. 25c at all druggists.

Killed By Interurban Car.

Clay Hall, twenty-three years of age fell in front of an interurban car at Frankfort Tuesday night and was instantly killed. His head was almost severed. He was a country boy having been to town to enjoy the Halloween celebrations. The car was in charge of Motorman James Rhorer and Conductor J. R. Jordan, both of Versailles. As the car slowed down at Station No. 74, Hall deliberately left the pike and dived under the car. His skull was fractured.

Work That Brings Success.

Every enterprise of life, from the simplest to the most complex, has its necessary drudgery. On the faithful performance of this is founded all true success; and only those who are willing to bear the burden with courage, energy, and perseverance, have any right to expect prosperity.

Ungenerous Action.

There are many who excuse their own life spent on a lower plane by applying the wrong epithet to those who live on a higher one.

Forest Fire Damage in Montana and Idaho.

A rough estimate of the fire loss upon the national forests in Montana and Northern Idaho, upon which the forest officers of the U. S. Department of Agriculture have been engaged since the fires were put out, puts the total amount of timber killed or destroyed in this one district at over six billion board feet, while the area burned over is put at one and one-fourth million acres.

The heaviest losses were in two Idaho forests, the Coeur d'Alene, where over three billion board feet of timber are reported killed or destroyed and over four hundred and fifty thousand acres burned over, and the Clearwater, where one billion feet of timber was killed or destroyed and three hundred thousand acres burned over. On the Helena national forest, in Montana, the loss of timber is believed to have been five hundred billion feet, on the Cabinet forest four hundred million, and on the Lolo forest three hundred million.

A large part of the losses on the Coeur d'Alene, Clearwater and Lolo were due to what became practically one great fire. The burn is shown on the forest service maps as extending in a northwesterly and southeasterly direction from north of Wallace, Idaho, to a point some thirty miles southwest of Missoula, Mont., or nearly one hundred miles. At its widest point this burn has a width of about forty miles, but its shape is very irregular.

It was really a union of a number of separate fires, driven to fury by the fierce hurricane of August 26. To the west of the Idaho-Montana boundary in the region of this fire lies a very inaccessible mountainous country, into which, on account of the absence of trails and of forage, it was almost impossible for the forces of fire fighters to penetrate. When the hurricane arose it drove the fire upon the parties which were hewing a way towards them, forcing these parties to seek refuge wherever it could be found, and swept down upon the forests where the fires were up to that time generally well in hand. The extensive losses are ascribed to the combination of hurricane and lack of means to get to the fires and put them out before the storm came. On the forests which were best equipped for controlling fires the results achieved are regarded as a demonstration of the efficacy of the fire fighting methods employed, even under highly adverse natural conditions.

It is believed that last summer's fires either burned up or killed between one and two per cent of the total stand of national forest timber. At the present rate of cutting from the national forests six billion feet is equal to twelve years' supply; but it is less than one sixth of a single year's cut in the entire country, or enough to keep all our lumber mills busy for something under two months.

Marbles in Preserving Kettle.

A hint for preserving time is to put a handful of marbles in the pot. This is said to take the place of stirring, as the marbles roll about the bottom as the jam boils and keep it from sticking and burning.

Fields Appears Winner in Ninth.

A news dispatch from Carlisle says the general apathy among the voters of Nicholas county, which has prevailed all during this campaign, is being considerably dispelled by the Democrats, and the outlook for a victory for William J. Fields, the Democratic Congressional nominee in the Ninth district, grows brighter every day. That Nicholas county will give six hundred Democratic majority or more is thought to be a certainty and reports from the Democratic counties of the district are to the effect that Fields will get the usual Democratic majorities and perhaps a little better in some.

From the mountain end of the district, where Congressman J. B. Bennett, the Republican nominee, has heretofore received his big majorities, come reports that the Republican majorities will be greatly reduced, and even some of the big Republican counties are being classed as doubtful. A report received at Carlisle is to the effect that Fields has an excellent chance to carry Carter county, his home, which is usually Republican by about nine hundred. The district is close and this would probably elect Fields.

A Smile.

If there is rain when you desire sunshine, don't "cuss" the weather for you can't change it, and you will feel better if you accept the inevitable—smile.

If things go wrong at home or office you will not make them smoother by venting futile indignation and working yourself up into a fruitless rage—smile.

If you have a trying day in business, don't go home with your troubles clouding your countenance and souring your disposition, because that will only make your loved ones suffer because of your ill fortune—smile.

Have a smile for every condition of affairs. Smile at your work as you smile at your play. As the poet has it:

Smile awhile;
And while you smile another smiles,
And soon there's miles and miles of smiles,
And life's worth living while you smile.

Patronize Home People.

You have often heard these words. Do they not ring in your ears? Do you not feel ashamed of yourself when one of your Bourbon county friends happens to see you in another town and county buying goods that you could just as easily buy at home among the people who help our country, who have helped you to make money, who are always interested in the thing you are interested in and give to the churches that you and your children attend? By all means patronize home people and we would prefer that you patronize those who advertise in this paper as they deserve something at your hands for it would be impossible for us to exist were it not for the advertisers, except that we charge you three dollars per year where now you pay one dollar.

—Mr. J. E. Caldwell arrived Wednesday as the guest of his sister, Mrs. J. C. Leer.

—Mrs. C. C. Chanslor left Saturday for a week's visit to her sister, Mrs. Jerry Cole, at Blue Lick.

—Miss Sallie Doty of Paris, was the guest of her sister, Mrs. James McNamara, Monday and Tuesday.

—The Senior class of M. F. C. attended the reception given by the K. C. & B. C., at North Middletown Monday night.

—Hallowe'en passed off quietly here. Negroes and small boys seemed to be the only ones taking advantage of the occasion.

—Mrs. C. M. Best fell on one of the porches Tuesday afternoon at M. M. I. sustaining some severe bruises, and is confined to her bed.

—Mr. J. C. Leer wishes to announce that all the tobacco purchased by him will be taken care of and that the people have nothing to fear.

—Aaron McConnell, optician, dealer in clocks, watches, jewelry and silverware, in old postoffice building. Inspect my line. I can save you money.

—Rev. T. W. Watts delivered an Epworth League lecture at Maysville Thursday night. Will organize an Epworth League society at Hebron tonight.

—Six members of the M. F. C. faculty, Mrs. Ethel and Olive Fisher, Bessie Hardie and Mr. G. P. Fisher attended the Lexington Grand Wednesday night.

—Everything sold well at the sale of the late Mr. Ed Conway. Milch cows bringing from \$67 to \$73 per head, young cattle \$25, four hogs averaged \$22 per head.

—Just received a complete line of optical goods and am prepared to test and fit any eye. Give me an opportunity and I will do the rest.

144 AARON MCCONNELL, D. of O.

—There will be preaching Sunday morning at the Presbyterian, Methodist and Christian churches by the pastors. Sunday evening at Christian

church only, the other churches giving way to welcome Elder F. W. Tray, the new pastor of that church.

—Mr. Ashby Leer delivered Thursday to Mr. W. G. McClintock at Millersburg 24 head of cattle, averaging about 14,000 pounds at 6 cents per pound.

—The foot ball game Monday afternoon between M. M. I. and Lexington High School resulted in a score of 83 to 0 in favor of Lexington. The Lexington team outweighed the cadets by more than thirty pounds to the man.

—Several of the L. & N. officials including Superintendent W. H. Anderson were here yesterday looking over the ruins. The company has sent a carload of timber here and a temporary depot will be built at once.

—Our recent fire will be no interruption to business as we are constantly receiving a supply of the best grades of South Jellico coal. Will be well prepared to take care of our trade in any of our lines.

BUTLER, CLARKE & MILLER.

—Mrs. Maggie Mitchell, who was one of the sufferers in the fire of Tuesday, is conducting her boarding house in the home of Mrs. Bessie Johnson. The building she occupied sustained but slight damage and will be ready for occupancy in a few days.

—The tenant house on the farm of Mr. J. C. Arthur was burned Wednesday afternoon. Loss about \$500. No insurance. It was occupied by Mr. Williams who was away from home at the time the house with all its contents were totally destroyed. This is the second fire Mr. Arthur has sustained in the past two years. It will be remembered that his own home burned in the night about two years ago, losing most of his household effects.

—The city council in regular session Wednesday night ordered the pavement of J. H. Stewart on Vimont street to be put down. Mr. Stewart having received official notice. They also ordered 400 feet of new fire hose and ordered the clerk to extend a written vote of thanks to the Paris Fire Department and the L. & N. railroad company for the valuable service rendered here Tuesday, while in the midst of the most disastrous fire ever suffered by this city.

—While digging in the debris Wednesday morning on the site of the recent L. & N. depot buried beneath two feet of cinders a large chicken was found. The chicken was alive and its feathers were only slightly scorched.

On taking it into the improvised depot it was found to be as active as any other chicken. How it remained alive during the many hours the fierce fire raged about it will always remain a mystery.

—A subscription list for the rebuilding of the colored Methodist church was started Wednesday following the destruction of that edifice by fire Tuesday.

MATRIMONIAL.

—The Versailles, Ky., Sun says: "The betrothal of Miss Elizabeth Stitt and Mr. Chester Ristenpart which was announced recently at a beautiful afternoon tea in Berkeley Cal. will be of much interest in this community where the charming bride-to-be visited Miss Joe Carter and other friends a year or so ago and where her father is so much beloved. The San Francisco Call in announcing the engagement says:

"Miss Stitt is a debutante of last winter her introduction having been made at an elaborately appointed entertainment at the residence of her parents Mr. and Mrs. Warren Stitt. She is gifted musically and has been set here as well as in the baby cities. Mr. Ristenpart is a son of Mr. and Mrs. W. A. Ristenpart and is engaged in business across the bay. The wedding will probably follow late in the season."

The bride-to-be will be remembered in Paris as a guest of her relatives Judge and Mrs. Harmon Stitt during her visit to Kentucky former home of her parents and grandparents.

—The following announcement has been received:

Mr. and Mrs. Ben Schwegman announce the marriage of their daughter
Glen Marie
to

Mr. Elmer W. Jackson, Jr.
Tuesday, November the First,
Nineteen hundred and ten,
Cincinnati, Ohio.
At home after November 21,
1947 Kinney Avenue,
East Walnut Hills.

Mr. Jackson will be remembered as having managed the opera house here about three years ago, and has many friends in Paris who extend congratulations.

DEATHS.

—Mr. James H. Leer, 87 years old, died at his home near Midway Tuesday morning at 7 o'clock after an illness of several months. Mr. Leer was one of the oldest citizens of Woodford county. He was an elder of the Midway Christian church and had served in that capacity long and faithfully. For months he has been confined at home suffering mainly from weakness and infirmity. He is survived by his wife and one son, one brother, Mr. Henry Leer, of the Confederate Home at Pewee Valley. He was a cousin of Mr. Charles Carroll Leer of Bourbon, who went to Midway upon receipt of the information of his death and to be present at the funeral. The burial took place in the Georgetown cemetery Wednesday.

—Thomas Rankin, 82 years old, died at his home in Cynthiana Tuesday of the infirmities of age. The funeral took place from his residence Wednesday afternoon at 2 o'clock.

—Mrs. W. T. Brooks received news Wednesday of the death of her brother, Mr. Joseph Joplin, who passed away Saturday in Republic, Mo., at the age of fifty-nine years. Mr. Joplin was a son of James L. Joplin of Harrodsburg, and a brother of Mr. Robert L. Joplin of Lexington.

—Mrs. Lizzie Brooks died yesterday morning at six o'clock at the residence of her daughter, Mrs. Pearl Cram, on Walker Avenue, after an illness extending over a period of about seven weeks and which was due to her advanced age.

Mrs. Brooks, who was in the seventy-fifth year of her age, was the widow of Mr. John Brooks. She is survived by one daughter, Mrs. Pearl Cram of this city, one brother, Dr. John Peck, of Missouri, and one sister, Mrs. W. H. Fisher of Lawton, Okla.

The funeral services will be held from the Presbyterian church Saturday morning at 10:30 o'clock, conducted by Rev. Dr. B. M. Shive. Burial in Paris cemetery. The pall-bearers will be James Bogie, Chas. Bogie Redmon, Dr. F. L. Lapsley, B. Woodford, Sr., James Dodge and Millard Kenney.

—Mr. Julius Herrick of Lexington, aged forty-two years, died after a brief illness Wednesday morning at the Good Samaritan Hospital. His death followed an operation for an abscess, and was very unexpected. Mr. Herrick was formerly a conductor on the Louisville and Nashville railroad, his home then being at Paris. Several months ago he retired from the railroad service and had since resided in Lexington.

In April he was married to Miss Martha Kenney, daughter of Mr. and Mrs. Joseph B. Kenney of Lexington. Recently he made a trip to Texas, and returned about three weeks ago. He had since been ill but it was not thought it was especially dangerous.

Mr. Herrick was a Mason, being a member of the local chapter and Knights Templar. Besides his wife and a seven-year-old son, by former marriage, his mother, Mrs. Nannie J. Herrick of Paris, survives, together with one sister, Mrs. Nellie Harvey of Pine Bluff, Ark., and one brother, Mr. Justis Herrick, of Chicago.

The remains were brought to this city yesterday morning at ten o'clock and taken to the residence of his mother on Seventh street.

The funeral cortege will leave the residence this afternoon at 2:30 o'clock and proceed to the Paris cemetery where service will be conducted at the grave by Coeur de Lion Commandery No. 26, Knights Templar.

—Mrs. Hannah Baxter Moreland, aged 71 years, died at her home on South Main street yesterday morning about two o'clock after an illness of several weeks of general debility.

The condition of Mrs. Moreland had been critical for several days and her death momentarily expected. A sad coincidence in connection with her death is that her nephew, Mr. Julius Herrick, passed away at the Good Samaritan Hospital in Lexington only a few hours before.

Mrs. Moreland was a native of Bourbon county. Early in life she confessed faith and united with the Christian church at Little Rock, this county. She was a consistent member of the church and a woman of noble Christian character.

She was the wife of Mr. J. H. Moreland, who survives, together with nine living children, Mrs. June Bolson, St. Louis, Mo., Mrs. Nancy Henry and Mr. Ed Moreland, Paris; Frank Moreland, Lordsburg, Cal.; Lee Moreland, Springfield, O.; Mrs. A. P. Bryan, North Middletown, Ky.; Mrs. D. B. Knox, Mr. Jam. s Moreland, Paris, and Mr. Luther Moreland, St. Louis, Mo. She is survived by one brother, Mr. Joseph Sparks of Carlisle, and two sisters, Mrs. Nannie Herrick of Paris, and Mrs. Mary Collins of Pleasant Hill, Mo.

The funeral will be held this afternoon at the residence at 1:30 o'clock conducted by Elder Carey E. Morgan. Burial in Paris cemetery. The pall-bearers will be: Walter, Clark, Hooker Stivers, Robert Link, W. C. Dodson, Dr. C. G. Daugherty, Wm. Smith.

1910 Pool Formally Declared Off.

Following a unanimous vote by the District Board, President Clarence LeBus formally declared off the 1910 Bruley Tobacco Society pool at 10:45 Tuesday night, at a session of the board in Lexington.

The pool had ceased to be binding with a resolution passed at a called meeting of the same body October 15—a recommendation provoked by a panic to sell by those on the outside. However, legal technicalities made imperative the proceeding of Tuesday, when the individual poolers balloted on the question of pool or no pool.

The roll call of counties showed a unanimous vote declaring the pool defunct, and with a single exception the growers voted as a unit. The name of the grower was not reported there, but in Robertson county one man voted six acres in favor of the pool's standing. While his name must have been forlorn, he will bear the distinction of most astonishing brapado or unique steadfastness.

The concluding incident of the meeting, disposing of the 1910 pool undertaking was the adoption of resolutions commending President LeBus, and Vice President Ferguson, followed by several speeches. A resolution commending Mr. LeBus was offered by Mr. S. T. Goran, a Democratic member of the State Senate, and seconded by Mr. Scott Brown of Franklin. In remarks prefacing the resolution, Senator Gorham paid a high tribute to the courage and ability of the President, and said that he believed all were convinced that at all times he had acted for the best interests of the growers and the industry and the pooling movement.

Hargis Men are Being Killed Off.

Hargis men are being killed at the rate of one a week in Breathitt county according to a well-known citizen of Breathitt who was in Frankfort a few days ago. He said that on Quick-sand Creek in Breathitt, there have been four men killed during the last few weeks, and all of them were known as Hargis men. He says, the killing of John Abner was simply an outcropping of the old feud and that the only reason for killing Abner was because he was friendly to "Ed" Callahan and the late James Hargis. As to the killing of Matt Crawford, who was also known as a Hargis man, it was stated that the feud had nothing to do with this affair, it growing out of the whisky cases in Breathitt.

This citizen of Breathitt, who has kept out of the troubles in his home county, taking neither side of the question, said that it is certainly more than a coincidence that all the men killed in Breathitt county during the last year have been Hargis men, who were friends of the former Judge when he was alive and who are now friendly to Callahan. He stated, too, that the killing of men in Breathitt has not stopped, and that there are just as many killings now as there ever were, even when James Hargis was alive.

Many of the killings in Breathitt, the visitor stated are not reported in the daily papers, and for that reason not as much is heard of conditions in Breathitt as was heard when the fight was being made on Hargis and his followers. Most of the men slain, he says, are not of prominence, and for that reason not much attention is paid to the killing outside of Breathitt county. He told some of the inside story of some of the killings and makes it appear that Breathitt is worse now than it ever was before, with life less safe there.
